HAWARDEN COMMUNITY COUNCIL
CYNGOR CYMUNED PENARLAG

13th December 2021

1.	**Name of Councillor(s)/ Officer**	Clerk and Financial Officer
2.	**Title of Report**	Fees and Charges
3.	**Purpose of Report**	To review the Council's current fees and charges.
4. **4.1** **4.2** **4.3** **4.4**	**Background to this request**	It is good practice to review the Council's fees and charges on an annual basis ready to inform the budget for the following year. The council currently has the following fees and charges: **Bowling Clubs:** Aston Bowling Club – a grant of £300 is given to Aston Bowling Club each year and the Bowling Club then pay the council £300. This is an historic arrangement. Gladstone Bowling Club – a grant of £200 is given to Gladstone Bowling Club each year and the Bowling club then pay the £300. This is an historic arrangement. Mancot Bowing Club – a grant of £200 is awarded each year. This is an historic arrangement. The Bowling Club lease the land from Flintshire County Council.

4.5 **4.6** **4.7** **4.8** **4.9**		**Tennis Courts** - Hawarden High School pay £200 per year for the use of the tennis courts during school time. **Grass cutting** – Hawarden High School pay £1,600 per year for the council to undertake grass cutting services on the two main sports fields. **Football licences**: the football licences are currently paid at £50 per adult team and £30 per junior/mini team. This is not the cost to parents for their children to play football, this fee relates to the licence fee payable by Hawarden Rangers to the Community Council for the lease/hire of the pitches. **Allotments**: the fees are usually uplifted by the cost of inflation each year; a copy of the current fees are attached as an appendix to this report. **Keep fit and other well-being classes:** Charged at £50 per year, the same as the Adult Football Team lease. **Galactico Sport** pay £250 as they are a private business.
5.	**Financial Implications**	The council has limited income streams. Together with the above, the precept and the Service Level Agreement with Broughton and Bretton Community Council and Shotton Town Council, these are the council's only income streams.
6.	**Environmental Implications**	None directly associated with this report.
7.	**Decision sought by Council**	To consider the current fees and charges and determine if any of the arrangements require changing.
8.	**Equality implications**	None directly associated with this report.
