Dear Sir/Madam

Environmental and parking enforcement funding scheme

Following recent Cabinet approval, the Council are looking into the feasibility of allowing Town and Community Councils to fund additional Enforcement Officers in this area. The implementation of this scheme will be dependent on whether there is sufficient interest, and any funding of supplementary enforcement will not affect the existing rotas and the current level of enforcement presence within those communities who participate.

The duties undertaken by the Enforcement Officers will be dependent on local need however Town and Community Councils may wish to consider the following activities.

1. Enhanced litter enforcement patrols
2. Enhanced dog fouling enforcement patrols
3. Enhanced fly tipping investigations
4. Enhanced car parking infringement patrols

A full report will be provided to each participating Town Council and the outcome of these additional patrols and officers will be available to attend Community Council meetings to discuss specific details or problem sites if required.

The cost of an Enforcement Officer will be £195 per day, with all funds generated through Fixed Penalty Notices retained by the Authority, and Enforcement Officers will work within the Authority's existing policies and procedures.

If you are interested in participating in this scheme, please can you respond in writing by 17/07/2019 with an estimation of how many days per calendar month/year your Council would consider funding. Following an analysis to determine if the scheme is viable, an Officer will contact you to discuss the next steps.
