Conclusion

On the basis of the internal audit work carried out, in our view the council's system of internal controls is in place, adequate for the purpose intended and effective, subject to the issues reported in the action plan overleaf.

As part of the internal audit work for the next financial year we will follow up all recommendations included in the action plan.

INTERIM INTERNAL AUDIT REPORT
HAWARDEN COMMUNITY COUNCIL 2016/17

	ISSUE	RECOMMENDATION	FOLLOW UP
1	The VAT return as at 31/3/17 differs from the balance on the VAT account by £161.82. This appears to be due to transactions being cancelled in the ledger after the claim was made.	<i>An adjustment should be made in the next VAT return to repay the VAT overclaimed.</i>	
2	The Council received section 106 monies amounting to £55,030 in 2015/16. We cannot see any balance held in ear-marked reserves relating to the s106 monies received in 15/16 that were unspent.	<i>As s106 monies are to be used for specific schemes, any balances held should be identified within ear-marked reserves.</i>	
3	A review of the joint services income found that the Administration heading within the ledger was understated by £7210 and the maintenance heading was overstated by £7210.	<i>This does not affect any balances on the annual return but should be corrected for management accounting and budgetary control purposes.</i>	
4	The fidelity cover at £270,000 does not cover the maximum projected cash balances as at 31/3/17 of approximately £300,000 (calculated as year end balance plus first precept).	<i>The Council should review the adequacy of their fidelity cover.</i>

1	<p>The cumulative bank reconciliation presented to Council for 12/9/16 does not reconcile – the reconciliation shows a difference of £2617.51. Further review identified the reason for the imbalance was that the reconciliation used the bank balances as at 31/8/16 and the cash book balances as at 12/9/16.</p>	<p><i>Council should query any reconciliation presented to them that does not balance.</i></p> <p><i>A bank reconciliation should always reconcile bank statement balances and cash book balances at the same date.</i></p> <p><i>The Council should ensure a cumulative bank reconciliation is compiled that balances bank statements as at 31/8/16 to cash book balances at 31/8/16. Thereafter, bank reconciliations should be completed and presented to council for review and approval using balances as at the end of each calendar month.</i></p>	Implemented
2	<p>The list of payments approved by Council is not always included in the signed minutes. The August payment schedule has been signed by the Chair, however, there is no reference in the minutes to the approval of the August payments.</p>	<p><i>The Council should retrospectively approve these payments by recording within the minutes that the August payments totalling £36,627.16 have been approved by Council.</i></p> <p><i>In future, minutes should include the payment list that has been approved by council.</i></p>	Implemented
3	<p>On-line payments are to be implemented and the Finance Committee minutes in September 2016 noted that Financial Regulations would be updated to</p>	<p><i>Internal controls over on-line payments should ensure:</i></p> <p><i>1.) Authorisation controls over payments are equivalent to those applied to cheque payments</i></p>	To be followed up in 17/18

	reflect this change.	<p>2.) Controls over access to online bank accounts are clearly established</p> <p>3.) Supplier bank accounts - Procedures are established to ensure members check bank details for the first payment to a supplier to independent supplier confirmation such as a supplier invoice or a signed confirmation letter from the supplier. The same procedure should apply where a supplier has purported to have changed bank accounts. This is an area where significant actual and attempted fraud has recently been encountered by businesses.</p> <p>4.) Risk assessment should be updated for any risks identified, together with appropriate mitigation actions, with respect to online payments</p>	
4	<p>Expenditure testing identified the following capital item:</p> <p>Payment Reference 16/98 for £1589.09 (Denbigh Timber products ltd) – 3 Allotment sheds.</p>	<p>Capital expenditure should be incorporated into the fixed asset register at cost.</p> <p>Also see recommendation 1.) from 2015/16 regarding improvement to the format of the asset register</p>	Implemented

2	It would appear that a £2000 transfer made in error from Broughton and Bretton Community Council and then transferred back has appeared in the accounts as income and expenditure.	<i>The correct accounting treatment for this transaction would be to cancel the £2000 of income when it was refunded. Current treatment overstates both income and expenditure by £2000.</i>	No evidence that this has occurred in 14/15

	Guidance note for 2014/15 Following the repeal of section 150(5) of the Local Government Act 1972 in March 2014, Councils now are not required by law to have cheques or other orders for payment signed by two elected members.	<i>If the Council decide they would like to make any changes to how payments are made it is important that they review the recent guidance issued by SLCC and ensure that any new internal controls meet these requirements. Any changes to internal controls over payments in light of the repeal will be reviewed in future audits.</i>	Noted
