PLANNING COMMITTEE:

15. LOCAL DEVELOPMENT PLAN – PLACE PLANS:

Local Plans shape how land is used and how places will change and develop in the future and ensures that future development takes place using a planned approach across the borough and considers the needs of local people in terms of housing and infrastructure.

A new national system to produce Local Plans is now being introduced by Government as part of the Levelling Up and Regeneration Act 2023. Flintshire County Council Cabinet agreed on 10 January 2024 to commit to preparing a Local Plan under the new national system for plan-making and to support the development of a borough-wide design code to eventually be incorporated into the new Local Plan or a supplementary plan.

Although the new system will not formally commence until late in 2024, the Planning Policy team has begun work on initial engagement and updating the evidence base to aid early vision and strategy development.

Evidence Base

We are publishing and inviting comments on our initial evidence base work including:

- **Employment Areas Survey** – a review of established employment areas to identify any changes in quality or type that have taken place since the previous employment land studies and the start of the plan period.
- **Places Background Paper** – a study of the hierarchy of settlements based upon the current level of provision of services and facilities and the role that the settlement plays in the borough.
- **Land Availability Assessment** – an initial assessment of sites and land that have largely been put forward by landowners and developers, to be considered to meet future needs for a range of uses including new homes, jobs, leisure, and retail services.

Land Availability

We are also providing the opportunity for landowners and developers to suggest further sites that they think may have the potential for development through the new Local Plan.

An online mapping tool and site submission form will also allow people to view the detail of sites that were previously submitted to us through 'Local Plan Conversation' engagement in 2021.

To view and comment on the draft evidence base work, and submit any additional sites for assessment, visit:

[Planning Policy consultations](#)

It is important to note that the submission site and its display on the interactive map does NOT mean that the Council supports the site for allocation in the new Local Plan or will approve future development through a planning application.

Decisions on the level and location of future development have not been made but evidence from the Land Availability Assessment will inform discussions on future options for meeting development needs in line with national planning guidance.

Consultation

The consultation begins on **Friday 26 January** and runs until **5pm on Sunday 17 March**. Any comments or sites can be submitted online via the Council's website using the links above.

How to contact us

If you have any questions, please email the Planning Policy team: planningpolicy@cheshirewestandchester.gov.uk

I look forward to receiving your comments about the Local Plan evidence base.

Members also discussed the many advantages of such a scheme to help members of the community gain valuable work experience and to promote the Community Council. Pupils from Hawarden High School had, in the past, asked if the Community Council provided this opportunity.

Members commended the idea but stipulated that the process must include provision for the contract to end in the unlikely event of poor behaviour or performance.

IT WAS RESOLVED: to approve the introduction of a council work experience scheme.

169/24 POLICE MATTERS:

A member stated that following the invitation in December to attend an event with the local Police Community Support Officer (PCSO), Victoria Davies, he had attended the event but no PCSO had been present and the hotel had been unaware of the event. This had been disappointing.

A member reported a large pot hole at the top of Ash Lane, right on the junction in between the two cemeteries.

IT WAS RESOLVED: to note the issues for onward submission to John Griffiths and the Clerk and Financial Officer to write to the Chief Officer about the decision to no longer allow Senior Highways Officers to attend Community and Town Council meetings.

171/24 LIGHTING FAULTS:

A member reported that some of the Christmas lights had either gone out or had been faulty. The Clerk and Financial Officer advised that together with the Assistant Clerk and the Senior Maintenance Officer an audit had recently been undertaken and lights would be repaired or new lights purchased where appropriate.

IT WAS RESOLVED: to note the update.

172/24 MEMBERS INFORMATION ITEMS:

A member shared that he had recently received an email from “Well Fed” which had been a mobile shop that sold wholesome meals for families at discounted prices. He asked whether the mobile shop could be parked up in Mancot to which the Clerk and Financial Officer advised that it would depend on where the land is located, who owned the land and what licence had been required.

IT WAS RESOLVED: that the email be forwarded to the Clerk & Financial Officer for appropriate advice and action.

The D-Day 80 Lamp Light of Peace

Representing the 'light of peace' that emerged from the darkness of War

There will be many locations such as hospitals, care homes, pubs and restaurants etc, that would like to take part in D-Day 80 on 6th June 2024, but do not have the land or facilities available to light a Beacon. With this in mind, we would like to encourage you to purchase a Lamp Light of Peace, enabling you to participate in this 80th Anniversary of the D-Day landings in Normandy, France, on 6th June 1944, providing you with the opportunity to pay 'tribute' to those that gave so much to enable us to share the freedom we have today.

The light from the flame will represent the 'light of peace' that emerged from the darkness of war, with the lamp providing a very simple and safe way of taking part in this important 80th anniversary occasion, and once used, can be lit again at 11am on every Remembrance Sunday thereafter, in tribute to the many millions that sacrificed their lives during WWII.

Those participating could consider running a raffle or a competition of some kind, with the winner having the honour of lighting the Lamp at 9.15pm on 6th June 2024, coinciding with the lighting of the Beacons throughout the United Kingdom, Channel Islands and the Isle of Man that evening.

Those taking part with a Lamp Light of Peace, please go to page **53** of the Guide To Taking Part to confirm your involvement by providing the information requested, enabling us to register your participation and keep in contact with you over the forthcoming months. We will then send you your Certificate of Grateful Recognition as shown on page **63** of the Guide. **(IMPORTANT)** - once lit, the Lamp should **NOT** be left unattended at any time and should be extinguished at the end of the evening, and do **NOT** at any time attempt to re-fuel it while the Lamp is alight.

The cost of the lamp is **£55.00 including posting and packaging within the United Kingdom, Channel Islands and the Isle of Man.** The final date for ordering a lamp is **23rd May 2024.** Purchase is for pre-order only, items will be delivered prior to the event.

To order and pre-pay for your Lamp Light of Peace, please go to: www.lamplightofpeace.co.uk and click on the photograph of the Lamp Light of Peace. If you have any questions please contact Bruno Peek CVO OBE OPR, Pageantmaster at brunopeek@mac.com

Manufacturer recommends: Do not use petrol or spirit. Do not use scented or coloured oils. Use exclusively pure paraffin oil or lamp oil. Outdoor use only. 20 hours light with one tank.

The colour red has been chosen as it represents the ultimate sacrifice undertaken on the Beaches of Normandy and throughout WWII as a whole, so could be lit again at 11am on every Remembrance Sunday thereafter.
