STRATEGIC DEVELOPMENT PLAN.

Item 11

1. This a brief report of the training on 28 February 2024 by **Planning Aid Wales**.
2. Presently for Planning purposes there is a **National Plan**, which is the highest level and below this is the **Local Development Plan** which covers the Local Authority area. The **Strategic Development Plan** will be a regional plan and will fit between these two Plans. Each layer must conform to the plan above.
3. Strategic Development Plans will be coming forward in the next 5 years, there will be 4 in Wales, ours will be the North Wales Plan. **Corporate Joint Committees** will be formed to create these plans, they will have their own staff and will be managed by Local Authorities Leaders. The preparation process will be similar to that for the LDP. The Corporate Joint Committee will adopt the plan.
4. Strategic Development Plans will consider important issues across boundaries, they will encourage integration between Local Authorities, examples quoted were transport, the economy and wellbeing. They will be able to allocate large housing sites. They are expected to take 5 years to create and will cover a period of 20 or 25 years, LDPs cover 15 year periods so they will not "match up". Strategic Development Plans will be reviewed annually and if found not to be meeting requirements a new plan will be triggered.
- 5 The creation process for the Strategic Development Plan will be similar to that for the LDP. Evidence gathering and deliverability must be the guide to the creation of the plan. Challenges will be allowed as in the LDP, on evidence. We were told that the public consultation time will be 6 weeks.
6. Once a Strategic Development Plan is in place future Local Development Plans within that region will become Local Development Plan (Light), and the creation time will drop from 5 years to 2 ½ years.

Note from the author.

Delivery of this training by Planning Aid Wales was superb, I would recommend their training.

Decisions taken for the Strategic Development Plan will clearly be carried through into future LDPs so thorough scrutiny of the SDP is vital. Challenge of the SDP is likely to be limited in the same way as challenge to the LDP. The library of publications for the LDP was huge, I doubt if any person could read it all in the 6 weeks consultation period let alone come up with challenges where the plan was not sound (whatever that means). An SDP consultation will cover a far wider area so more documents can be expected which will make the consultation process unacceptable. I feel the public participation part of creating an SDP must be strongly challenged to achieve an acceptable process. I feel that **Place Plans** must be recognised as paramount evidence for the SDP and communities given the support and time needed to prepare their Place Plan for timely input to the SDP process.

COMMUNITY OUTREACH PROJECT

Our **Community Outreach Project** has been up and running now for nearly 12 months and we have seen some really great client outcomes.

In order to maximise the clients we help we wanted to reach out to local town and community councils to identify possible outreach sessions in areas where we don't have any current outreach services.

It would be great if you could let me know of any areas within your ward that you think this service would be useful. It doesn't have to be weekly, it could be once a month, or a one off.

From April we will be delivering outreach services at the following locations:

Shotton - Rivertown Church - Mondays 9.00-12.00
Holywell - Holywell Library - Tuesdays 9.00-13.00
Buckley - Buckley Food Bank - Wednesdays 13.00-15.00
Flint - Flint Food Bank - Thursday 10.00-12.00
Mold - Mold Food Bank - Friday 12.30-14.30

We are also doing some outreach sessions in Sandycroft at the Food Pantry currently and hope to continue these on a twice monthly basis on Fridays.

Our offices in Mold and Connahs Quay currently hold drop in sessions.

Mold - Wednesday - 9.00-12.30
Connahs Quay - Thursday - 09.00-12.30

I have attached a flyer to this email which also advises how to contact us, and the type of issues we can help with.

If you have any questions or suggestions, please don't hesitate to contact me via email.

Kind Regards
